戶

主許多時需要在家工作，為了在家工作時亦能顧及伴侶感受。設計師特意不分隔客飯廳、廚房和書房，不但有助營造空間感，亦令兩人關係更為親密。

溫馨美滿

單位四周種滿枝繁葉茂的大樹，綠意盎然，設計師見大自然綠意有深有淺，所以單位多個地方同樣深淺分明。客廳教人份外驚喜的可說是一塊直紋的橡木板電視牆，樸實自然又能突出窗外的怡人景致，透明趟門讓大自然景色融入家中。客飯廳的色調以木色為主，用上暖灰色木紋地磚，打造溫暖舒適的家，天花黑色軌道燈突顯單位高樓底的優勢，分區之餘又多添一點型格。由於戶主飼養小狗，設計師特選用地磚、防火膠板及更耐用的傢具，地磚較地板容易清潔打理，布藝梳化亦不容易刮花，大多以戶主喜愛的亮麗藍色點綴家中素淨的設計。

客飯廳、書房採用開放式的設計，設計師運用顏色和各種素材區分每個空間，為設計增添趣味。書房用上

了一盞長方形黑色盒型吊燈，亦用上中性性格的灰色防火膠板作背景牆和通往睡房的隱藏門。開放式的廚房則以白色為主，設計師用上了兩盞造型簡單的吊燈，戶主可於小吧檯陪伴妻子做飯。設計師亦特意為戶主訂製多幅畫作，顏色主題皆切合設計概念，令佈置添上藝術味道。

恬然自得

主人房用上素淨的白橡木作床頭板，房中一扇灰色玻璃門通往偌大的衣帽間。衣帽間有一大排靠牆的層架，整齊地擺放各種衣物和飾物，方便取出。單位上層的天台亦經過精心佈置，地上鋪砌了戶外木板，保留單位原有防水層之餘，有助吸收和阻隔熱力。牆上掛上一盞盞花園燈，滲出微微黃光，在黃昏入夜時分外浪漫迷人。不但廚房用上深淺不一的木紋膠板，浴室同樣大白雲石和黑雲石增加層次感。

There many benefits to living in the New Territories, the most obvious being the peace and tranquillity afforded by being even just a short distance from the bustling streets of Kowloon or Hong Kong island. However, many residents who have made the move are also blessed with open spaces, views over the rolling green countryside and in many cases, access to outdoor living that is simply less available in more densely populated areas. This stunning Tai Po property is no exception. Graced with floor-to-ceiling windows, a small balcony and an abundance of natural sunlight that makes the property feel bright and breezy, the owners of this 700 square feet apartment wanted to create an open-plan home that allowed for personal interaction, even when they are in different rooms. Originally comprising three bedrooms, they also needed an area where the man of the house could work from home, and because they have a young puppy, they wanted to ensure the fittings were durable and resistant to small teeth and scratches. As such, Jacky Lee of inT Design Furniture Limited began by knocking down the kitchen wall in order to create a more open layout that connects directly with

the living and dining room, inviting the spectacular views inside the home. He also transformed the original floorplan, reducing the number of bedrooms to just one master suite with a walk-in closet and carved out a home office that leads straight off the lounge. The bathroom was also extended. Finally, the designer paved the rooftop with wooden outdoor decking that maintains the original waterproof structure while absorbing heat, and introduced a romantic yet relaxing lighting scheme to make it perfect for entertaining guests in the evenings.

In terms of the interiors design, Lee focused on a clean and simple scheme that centres around a pale grey and blonde wood base, which has been softened thanks to the addition of a glorious Cerulean blue sofa and matching artwork that is offset by complementary flatware and flowers. A simple yet stylish blonde wood dining table adds a Scandinavian vibe, and is flanked by four pale grey chairs. Tracked lighting up above ensure the owners can adjust the ambience depending on whether they're watching TV or cooking for friends.
